Virtual Office Hours: Monday 2-4

Happy WIDR Wednesday!! New job applications for students will be up this week on Handshake to apply! If you have questions about the positions, feel free to reach out to me via email or discord. Also, it's almost spring break, and I'm sure all of us could use that (even though I feel like it always goes by so fast). It's kind of crazy that it's almost April... I feel like we just came out of summer a few months back? Anywayyy, coming up we will be having another 24-hour on-air event for April Fool's Day, and WIDR will also be participating in Giving Day on April 14th! This is a fundraising event through WMU, so watch out for posts and info from us on that coming up. Hope y'all are doing okay, love you <3

Virtual Office Hours: Thursday 10-2

Hi everyone! Western students will be going on a much-needed break after this week, but we will still be in operation over break! Our next confirmed 24-hour extravaganza is on April 1st. Expect plenty of April Fools' shenanigans. As always, hope you all are staying safe, and we will catch you in the next one.

PROMOTION

Hey everyone and happy almost spring break broncos!! I'm sure all of you are as excited about the break as I am, but have no fear, WIDR will still be doing fun stuff during the break including another 24 hour show day for April Fools' Day! Tune in for lots of shenanigans! No big updates from me but the blog has been poppin' lately so to speak, and we'd love to have anyone write who is interested, so reach out to me if you'd like to get involved with that! Have a wonderful week y'all!

*Virtual Office Hours: From 12PM-10PM**

This week I'll be starting a kind of half-review of *Naked At Garden Hills* by Harry Crews, a criminally underrated live no wave album that is apparently not even on streaming (though it is on YouTube). This album features Kim Gordon from Sonic Youth and Lydia Lunch from Teenage Jesus and The Jerks (my favorite no wave band), and it is just the most chill-inducing live set you could imagine, with a lot of it being the band descending into chaos while Lydia Lunch is yelling absolutely railing against the patriarchy. It's an awesome example of the kind of nihilism that surrounded that short-lived no wave heyday in late-70's New York City (which might be worth its own blog post now that I think about it).
